Stanford Testing

Friday 20th: Holiday Party

MONTHLY OBJECTIVES

English Language arts (ELA): Students will learn how to draw conclusions using clues from the text. Students will also practice asking question to help understand story elements

Math: The students will describe and compare the attributes of 3D shapes and recognize those shapes in real life objects. The students will also describe, identify and compare 2D shapes

Science: Students will explore ways in which patterns change throughout the year by studying seasons.

Social Studies: Students will be introduces to different ways families and communities celebrate

CLASS notes

Winter Party details forthcoming.

In order to prepare your child for Stanford testing, please ensure your child has a good night's rest and a healthy breakfast.

Thank you for all your help this year. I appreciate your donations to the class as well as volunteering your time to help with morning carpool, lunch and field trips. A little help goes a long way!

SHOW AND TELL

week 1	Bring an item or picture of something you enjoy doing when it is cold outside
week 2	Bring something that represents your family celebrations
week 3	Bring in an object that is a 3D shape. Describe the object to us
week 4	WINTER BREAK
